Nevada & California trains, south bound, arrive at Wabuska at 12:55 p. m. and leave at 1:15 p. m.; north bound trains arrive at Wabuska at 3:50 p. m. and leave at 4:10 p. m.
Trains connect at Churchill with stub train for Dayton and Carson.
The above time is Mountain time, which is one hour ahead of meridian time.

BRIEF MENTION.

Fred Burner spent a few days in Reno the first of the week.

Vivian Hironymous is spending a few weeks and a little easily made money in San Francisco.

H. Hironymous left for Salt Lake the first of the week on mining business, returning Thursday.

Mrs. T. J. Harris left for Auburn, Cal., Thursday to spend the Winter with relatives and friends.

Mrs. L. Landry, of Smith Valley, is in town under the care of a physician for inflammatory rheumatism.

George Kelley is sojourning in Reno, the result of selling a couple of mining claims in this district last week.

Leavitt's stone building is assuming shape. The south wall is completed, and the inside frame work is going in rapidly.

Joseph Johns, Jr., and Willie Johns, of Lovelock, are visiting their sisters, Mrs. G. I. Leavitt and Mrs. Fred Burner.

Chas. Hemler, Harry Holland and John Hannah, the typhoid fever patients, are getting along nicely and as well as can be expected.

Mrs. J. J. Pardee, who has been visiting her parents, Mr. and Mrs. Nichol, left Monday to join her husband at Redding, California.

J. E. Morrish, of Berkeley, California, who has been visiting his aunt, Mrs. T. H. Nicholas, for the last two weeks, returned home Friday.

Some samples of nice looking ore were received at this office this week from Mr. McNeil's Arrowhead prospects. They pan exceedingly well.

A communication was received from Wellington last evening relative to the Irrigation District election. It was too late for this issue but will appear next week.

Mrs. B. Vaillencour desires to inform the ladies of Yerington and vicinity that she has just received an elegant line of Winter millinery of the latest eastern styles.

S. C. Weeks, a mining engineer who represents Wm. Gelder, a mining man of Denver and New York, is looking over the mining section of this district, and is very favorably impressed with what he has seen.

Jim Harris and Mrs. Lou Powers left for Reno Wednesday, where they were married Thursday morning, after which they proceeded to Auburn, Cal., to reside. Their Yerington friends wish them happiness and good luck.

Messrs. Chisholm and Matthews, who last week purchased a group of copper claims north and east of the Ludwig, have spent the week here and on the claims making arrangements to do development work. They are much pleased with this section and the property which they have obtained.

Henry Streeter and wife returned the first of the week from Fallon, where they went last week to attend the funeral of Mrs. Streeter's mother, Mrs. Margaret Thurman, who died very suddenly on the 30th of last month of heart trouble. Mrs. Thurman leaves a husband and ten grown children. She was 76 years of age.

Looking for Business.

F. O. Broili, Superintendent of the Truckee River General Electric Co., was in town a couple of days this week looking into the feasibility of furnishing this place with electric lights. The company's line is to be extended from Como to the Douglas and Bluestone mines at once, and from the latter it is but three miles to Yerington. Just what Mr. Broili did here regarding the installation of a light system we have not learned, but there are about 45 houses and stores in this town which would take lights if they could secure them and be assured of good service. Then, the town would probably pay for a couple or three street lights and some power would be contracted for. With cheap power it would be possible for us to have a water and sewer system and also a fire-fighting system of some kind. To bring about these things the town should be incorporated, and a step in this direction will soon be taken.

Copper Water Gives Out.

The pumps recently put into the Ludwig mine to raise the water encountered on the 550 level of the mine, have exhausted the water supply. This indicates that the shaft has not yet reached the water level, and that the water encountered was only a small pocket held in by walls. Sinking is being carried on and the shaft is now down to a depth of 575 feet. The company is still extracting and shipping high grade to Chicago, and the property is looking better with each day's development work.

More Candidates.

Last week we inserted cards announcing two candidates for the office of Auditor and Recorder, one for Sheriff and Assessor and one for Clerk and Treasurer, but did not have space to comment on the matter.

D. P. Randall is the candidate for Sheriff and Assessor. This is the 'steenth time Dick has been a candidate for this position. He has no opposition this year, nor did he have any two years ago. This is about the best recommendation an aspirant for office can have, and there is not much use of blowing off a lot of hot air in this case. Randall has made the best Assessor the county ever had and is fearless in his duties as Sheriff. These statements are proven by the fact that he has no opposition.

D. W. Melarkey, present incumbent, and a candidate for re-election to the office of Clerk and Treasurer, has no opposition this year, which speaks well for the way in which he has performed the duties of his office. If the people wanted a change they would have put forth another candidate. Mr. Melarkey has made a good officer for the past six years and is careful and trustworthy. He will continue to perform his duties as such officer for two years more in just as competent a manner.

E. T. Powers is again a candidate for Auditor and Recorder. He is the present incumbent, and the main book-keeper for the county. In the past year the work in this office has increased tremendously and it has been impossible for one man to handle the business coming in. This is shown by the fact that the last grand jury recommended that the Recorder be given a deputy and another typewriting machine for his office; and this was done by the Board of Commissioners at its last meeting. There have been no shortages in Mr. Powers' accounts and he has turned a great deal of money into the treasury in the way of fees. He asks the earnest consideration of his candidacy by the taxpayers of the county.

Chas. A. McLeod is also a candidate for Auditor and Recorder. Mr. McLeod is a young man capable of performing the duties of the office to which he aspires, and has many friends who will vote for him. His reputation for honesty and integrity is beyond reproach, and if he succeeds in being elected he will undoubtedly make a good officer. He desires that the voters of the county give his candidacy a fair consideration, and will not find fault with anybody who votes for the candidate he thinks is best suited for the office of Auditor and Recorder.

Fine Galena Prospects.

Mr. George W. Slater, who is interested with C. J. Durbrow, Secretary of the Selby Smelting Company, and A. B. Hennessy in the lease and bond on the Emerson galena property, in Red Canyon, has been examining the property this week, and is very much pleased with it. Besides having a bond on the Emerson group these parties have made several locations of their own adjoining the Emerson ground.

The tunnel being run on one of the original claims to tap the ledge which crops on the surface is now in a distance of 65 feet and the face is showing lead carbonates. The ledge will undoubtedly be cut in the next 8 or 10 feet. Ore from this ledge at a depth of 35 feet from the surface gives values of \$90 to \$100 per ton in lead, silver and gold, as we have previously made mention.

In all probability a company will be organized as soon as Mr. Slater returns to Oakland and the property taken over at a price of \$20,000.

The property has one of the best showings of any in the district, and as soon as a little more development is done on it and a piece of road constructed so that ore can be delivered to the railroad shipments will be made. In fact ore is already on the dump and sacked ready to make a carload shipment.

Ms. Slater will probably leave for Oakland today.

Irrigation District Election.

On the 29th of this month an election will be held in Mason Valley and Smith Valley for the purpose of deciding whether or not an irrigation district shall be established in Lyon county comprising the land in the two valleys above mentioned. Only electors within the boundaries of the proposed district can vote on the question. This means, practically, the people of these two valleys. The notice of election, published elsewhere in the TIMES, gives the information as to where the voting places are to be in the three voting districts and who the persons are to be voted for as directors of the district. As about 95 per cent. of the property owners and water users in the proposed district signed a petition asking that this election be held, it is reasonably certain that the question will carry. It will take a two-thirds vote, however, to win, and everybody who has the interest of this section of the county at heart and a desire to see some progressive move made towards the establishment of an irrigation system here should cast a vote in favor of the establishment of the district. Turn out on the 29th and vote "Yes" for the establishment of Lyon County Irrigation District.

Political Speaking.

The greater portion of the nominees of the Republican party are billed to speak at the Owl Hall in Yerington on Monday evening next. Just who will be here we have not been informed, but Mr. Mitchell, nominee for Governor, Mr. Smith, nominee for Congress, Mr. Springmeyer, for Attorney-General, and Judge Murphy will probably be among the number. There will be some good speaking and all are urged to be present to listen to the arguments which will be presented why you should vote the Republican ticket this Fall. This will be the only meeting the Republicans will hold in Yerington during this campaign.

Dayton Jots.

Miss May Scott is recovering from a severe sick spell.

Mrs. John Lothrop has been on the sick list this week.

Miss Clara King has returned from her visit to Empire friends.

Dick Cornish is here from Ramsey to visit his family for a few days.

Ramsey is furnishing quite a number of boarders for the Dayton jail.

C. E. King was called to Los Angeles this week to attend his sick brother.

Mr. and Mrs. E. D. Boyle were in town Thursday for a few hours on business.

T. J. A. Flaws was called to Ramsey on business last Thursday, returning Thursday.

M. J. King and wife left Tuesday for Petaluma to attend the funeral of Mr. King's father.

Hugh Davis and mother arrived from California this week on a visit to Capt. Davis and family.

Mrs. W. L. Palmer has returned from an extended visit to Mr. Palmer's family at Tacoma, Wash.

Dr. J. R. Masterson and wife left last Tuesday for San Francisco for the benefit of the doctor's health.

Mrs. T. J. A. Flaws and Mrs. C. Stock were visiting relatives and friends in Virginia City last Tuesday.

Miss Belle Cooke, who has been seriously ill, is somewhat better, and there are hopes for her speedy recovery.

Mr. Norris, father of W. F. Norris, formerly of Dayton, died at Battle Mountain the 2d of October of paralysis.

Mrs. T. P. Mack left on Tuesday evening's train to visit her brother, Wm. Hill, who is very ill in San Francisco.

Mr. and Mrs. Cecil paid the Hercules district a visit this week and think very well of the prospects of that new camp.

Mrs. Tex Warren and children arrived from Tesla, Cal., this week and will spend the Winter in Dayton visiting relatives and friends.

Mrs. E. Pollard fell last Sunday evening and received a severe bruise on the shoulder. Mrs. Pollard has just passed her 86th birthday, and the shock was very severe on her.

A. E. Harris died Tuesday, October 9, at his home in San Jose. He leaves to mourn his death a wife and five children, besides a mother, who resides in Dayton, and several brothers and sisters.

Wanted.

By Chicago wholesale and mail order house, assistant manager (man or woman) for this county and adjoining territory. Salary \$20 and expenses paid weekly; expense money advanced. Work pleasant; position permanent. No investment or experience required. Spare time valuable. Write at once for particulars and inclose self-addressed envelope. Address GENERAL MANAGER, 134 E. Lake st., Chicago.

Injured by Giant Caps.

Joseph Cazenore, a miner, met with an accident on Tuesday of this week while working on his lease on the Benham property at Buckskin. Cazenore had, a few days previous to the accident, left three giant caps lying among some old papers at the side of the tunnel in which he and his partner are working. On Tuesday he proceeded to build a fire to melt some grease, and grabbed up the papers in which the caps were to light the fire. As soon as a match was touched to the material the caps went off. Cazenore had one hand pretty badly lacerated, the other hand somewhat cut up and received several cuts on the head. He came to Yerington immediately and had his wounds dressed and will be on deck again in a short time.

A Young Mother at 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters, which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick, of Danforth, Me. Greatest restorative medicine on the globe. Sets stomach, liver and kidneys right, purifies the blood and cures malaria, biliousness and weaknesses. Wonderful nerve tonic. Price 50c. Guaranteed by G. I. Leavitt & Son.

Sutro School Report.

Following is the report of the Sutro school for month ending October 5; Lillie L. Lothrop, teacher:
No. boys enrolled, 1; No. girls, 5; total, 5; percentage of attendance, 81.
Honor Roll: Grace Sears and Isabel Sears.

Now's This?

We offer one hundred dollars reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure.

results from chronic constipation, which is quickly cured by Dr. King's New Life Pills. They remove all poisonous germs from the system and infuses new life and vigor, cure sour stomach, nausea, headache, dizziness and colic without griping or discomfort. 25c. at G. I. Leavitt & Son, druggists.

DYER MINE PURCHASED.

Utah People Take Over This Property for \$15,000.

Warren Loose, of Bodie, was an arrival here last week Friday to meet his brother, C. E. Loose, of Salt Lake, who arrived here Monday, in company with M. M. Johnson to consummate the deal for the Dyer group of copper claims in this district. All matters were adjusted Monday and the money placed in the bank for the owners of the property by the new purchasers. Mr. Johnson is one of the most prominent copper experts in the United States, and he was more than favorably impressed with the property secured and the general outlook for the entire district. Senator Smoot, of Salt Lake, is one of the parties interested in the new deal, and a strong company will be formed, of Salt Lake people mainly, to develop and operate the ground purchased. The Loose Bros. are now starting the construction of an electric power plant on the East Walker River, a few miles this side of Bridgeport, and it is expected that some time next year a power line from this plant will be run into this district to furnish the company's property with power at least, and possibly other companies.

The Dyer property is the one formerly held by the Mason Valley Copper Co., which is also composed of Utah people, but it is understood that the only one of this company who will retain an interest in the new company is W. Mont. Ferry, of Salt Lake.

It is the intention of the new owners of the ground to resume extensive development work on the Dyer just as soon as their company is formed and a few minor details attended to. The property is a good one and will undoubtedly prove a big producer within the course of a year or two, when more fully developed.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Proposed Constitutional Amendment.

No. XII—Assembly Concurrent Resolution, relative to amending Section 1 of Article X of the Constitution of the State of Nevada, pertaining to the assessment and taxation of patented mines.

(Proposed and passed by the Twenty-First Session of the Nevada Legislature, March 16, 1903, and passed and agreed to by the Twenty-Second Session of the Nevada Legislature, March 3, 1905.)

Resolved by the Assembly, the Senate concurring, That the Constitution of the State of Nevada be amended so as to read as follows:

Amend Section 1, Article X of the Constitution of the State of Nevada, so that the same shall read as follows:

Section One. The Legislature shall provide by law for a uniform and equal rate of assessment and taxation, and shall prescribe such regulations as shall secure a just valuation for taxation of all property, real, personal and possessory, except mines and mining claims, when not patented, the proceeds alone of which shall be assessed and taxed and when patented each patented mine shall be assessed at not less than five hundred dollars (\$500) except when one hundred dollars (\$100) in labor has been actually performed on such patented mine during the year in addition to the tax upon the net proceeds and also excepting such property as may be exempted by law for municipal, educational, literary, scientific or other charitable purposes.

I, D. W. Melarkey, County Clerk of Lyon county, State of Nevada, do hereby certify that the foregoing is a full, true and correct copy of the Proposed Constitutional Amendment as filed in my office by the Secretary of State, to be voted on at the general election November 6, 1906.

Witness my hand and seal this 2d day of October, A. D. 1906.
(Seal.) D. W. MELARKEY,
County Clerk of Lyon County, Nevada.
